The Weather.

Boston, May 17.—Fair to-night and
Wednesday; cooler; northwest winds.

News From Camp Olympia.

At 10.30 this forenoon Company E
took the oath of allegiance to the United
States from Major Jocelyn, and at noon
as they returned from the parade ground
signed the muster-in roll which made
up all soldiers of Uncle Sam. The cere-
mony was very impressive. At 8.30
every company fell in at their own
streets at the adjutant's call marched to
the parade ground. Here they were
"lined up" "companies front" making a
line of National Guardsmen 1200 strong
reaching from one side of the parade
ground to the other.

After going through a few minor for-
malities the command from Col. Clark
came, "Companies Right," bringing
them around in columns of companies.
The recruiting officers, Maj. Jocelyn
and Capt. Hovey, U. S. A. then started
with company A, and administered the
oath to each company separately. Co.
E being fifth in the column was the
fifth to be sworn in. Maj. Jocelyn,
Capt. Hovey and Capt. Badger each had
a muster roll. As each man's name was
called by Capt. Badger, he answered
"here" marched past the officers, saluted
and "fell in" as a member of Co.
E, 1st Regt. Vt. Vol.

After all had answered to their names
with heads uncovered they raised their
right hand to receive the oath from
Maj. Jocelyn, after which we marched
to our street and after signing the roll,
became a company in Uncle Sam's great
army. Following is the oath: "I do
solemnly swear (or affirm) that I will
bear true faith and allegiance to the
United States of America and that I
will serve them honestly and faithfully
against all their enemies whomsoever;
and that I will obey the orders of the
President of the United States and the
orders of the officers appointed over me
according to the rules and articles of
war."

Company E wishes to thank their
friends at Barre who came to visit them
Sunday for the many tokens of friend-
ship given them and that they alone
know how they appreciate their kind-
ness, and especially the ladies who sent
them the aprons and sleeves. Mr.
G. W. Lang felt very proud this after-
noon in his new uniform. The cooks
found them to be the "missing links"
and last, but not least, we thank those
friends who have sent us gifts from
home. We were grateful for three
boxes of cigars and a large number of
pipes sent by Payette, Mendelshon &
Co., and also for the cigars and bananas
given us by Mr. Callaghan and L. M.
Averill.

Thursday forenoon is the time set for
our departure to Chattanooga.

Chief musician Mercer and private
Fraser arrived at Camp this afternoon.
Some thought "Tom" would show
"cold feet" but we are glad to say
that he is going to stay with us.

H. F. Cutler and W. A. Marsh were
welcomed at camp this eve, and as Mr.
Cutler has his machine the people of
Barre will have an opportunity of seeing
a good photograph of Company E as
they looked just before going to the
front.

It might be well to mention that let-
ters from our friends are always accept-
able.

Another list of welcome friends from
Barre who called on us today is W. W.
Lapoint, Fritz Jackson, Wm. Miers,
Allen Martin, E. E. Perry, ex-Capt. F.
B. Mudgett, John E. Smith, Thomas
Dunham, E. Smith.

One young man who had a great de-
sire to enlist in Co. E entered camp this
afternoon, and after a very rigid exami-
nation by "Col." Tom Mercer and his
staff he was advised that physically he
would make a perfect soldier, but be-
fore he would be allowed to enlist he
must exhibit his ability as a sentinel,
accordingly he was presented with a
"broom stick" and given an out-of-way
beat to "frog". At present he is "at it"
(9.30 p. m.) and by morning he will
realize that "all is not gold that
glitters."

The Goddards Win Again.

Just before the first game between
the Goddard Seminary and Burlington
High School teams the Free Press stated
that the Burlingtons intended to give
the Goddards a hard fight for the cup,
the Intercollegiate league trophy, but
the plans of the Queen City lads must
have been crushed, for a second time
within two weeks Goddard has scored
a big victory over the students of the
Burlington schools. Defeating their
aggregation at Athletic park Burlington
Monday afternoon by the score of
17 to 8. Burlington presented a new
pitcher named Rand, but he was not
even as effective as Morgan. Bush
again pitched a star game for the God-
dards and had been given gilt edged
support. It is doubtful if a Burlington
player would have seen the home plate,
Bush is a cunning pitcher and in his able
backstop Ayer the Goddards have an-
other rich find. Goddard was also
blessed with a heavy hitter in Flagg
who lined out a home run and two base
hits with ease. The treatment which
the Goddards received from Burlington
crowd, was the worst ever encountered
in that city. Large crowds of students
stood on the coaches lines and often
were so near the base runners line that
they had to be put back by the umpire.
In this position, they kept up a contin-
uous yelling against Bush, Ayer and
Lamb, but all to no effect, as the score
proves; toward the close of the game
the rosters of the home team were drown-
ed in noise by the loud shouters although
few in number who gave the school
yells of Goddard. There were no spec-
tators of Goddard. (CONTINUED ON FOURTH PAGE.)

SECRECY

Strictly Maintained

By U. S. in Future---82,000
Volunteers in the Field Al-
ready---The Wilmington Sinks
a Spanish Ship.

Report of Naval Explosion.

Marion Manoly Mason Sues for Divorce

Will Maintain Secrecy.

WASHINGTON, May 17.—Gen. Gree-
ley chief of the United States Signal
Service has adopted energetic measures
to prevent the Spanish squadron from
keeping posted on the movements of the
American squadrons. He has forbidden
the Haytian Cable Company from send-
ing or receiving any messages except to
or from the U. S. government which dis-
closes in any way the position of our ships.
This prevents press dispatches, but it
will be a great improvement over the
war policy which has been in effect
thus far, as it appears from all indica-
tions that the Spanish authorities have
had a perfect knowledge of all the
movements of our fleets and thus have
been able to elude us at every point in
the Atlantic, while the U. S. officers
have been completely in the dark as to
the movements of the Spanish squadron.

Ship Blown Up.

MADRID, May 17.—A despatch re-
ceived from Havana says that a small
naval boat having a crew of 17 men has
been blown up off Cardenas while en-
gaged in removing torpedoes from the
harbor. The explosion was caused
through the negligence of the workmen.
All of the crew perished. The despatch
does not indicate whether the ship was
Spanish or American.

LATER.—KEY WEST.—Boats which
have just arrived here from Cardenas
say they have no knowledge of any
boats being blown up and that its crew
perished as was announced in the dis-
patch from Havana. The opinion is ex-
pressed here that it probably arose from
the report of the sinking of the Diligent
by the Wilmington.

Busy With Government Contracts.

SAN FRANCISCO, May 17.—Major
Long of the quartermaster's department
of Cal. says that at least 10,000 men and
women in the city are working on gov-
ernment contracts. 8000 uniforms and
12,000 canvas uniforms are now mak-
ing. The board of supervisors of the
city today changed the name of Bilboa

of the hero of Manila.

Massachusetts regiment of volunteers

this morning on their way South.

Gladstone's Condition.

HAWARDEN, May 17.—Gladstone did
not rest well last night. His sleep was
broken somewhat and he was exhausted
this morning. He is not suffering
much today.

LATER.—A five o'clock official bul-
letin just issued, says: Gladstone has
taken a serious turn for the worse.
Death is expected within 24 hours.

John Mason Sued for Divorce.

NEW YORK, May 17.—Marion Man-
ola Mason the well known actress who
is now here announces that she has in-
stituted a suit for divorce from her hus-
band Jack Mason. The charge is de-
sertion and non-support. She alleges
that his brother Lowell Mason influences
John against her.

Will Agree Today.

MADRID, May 17.—The newspapers
here assert that Senor Sagasta and Gar-
nazo will reach an agreement at the
conference this afternoon to form a co-
alition cabinet.

The Cutter Gresham Sunk.

GREENSBURG, N. Y., May 17.—One
half the revenue cutter Gresham went
to the bottom of the St. Lawrence river
this morning and now rests on its side
in twenty-five feet of water. She was
on the pontoon bridge and was top heavy.

82,000 Soldiers.

WASHINGTON, May 17.—82,000 vol-
unteers have been mustered in and are
being sent to the points of mobilization
now.

Williams Greene for Congress.

liams Greene has been nominated by the

petition in insolvency this morning by
the Third National Bank having issued
an injunction restraining them from
disposing of their assets. Their liabil-
ities are \$20,000.

Terrible Accident.

Boston, May 17.—The elevator at
the uncompleted warehouse of the Bos-
ton Wharf Co. fell this afternoon from
the eighth story, three men were killed
and five were seriously injured. The
combined weight of the load of building
material and men was too much for the
cable. The dead are O. B. Henry,
Daniel Doyle and Leo Cadman.

Will not Transmit Spanish Messages.

LONDON, May 17.—The American
cable companies have issued instruc-
tions to their agents to refuse to trans-
mit any Spanish government messages
from now on.

Remember the Maine.

St. Louis, May 17.—Captain Du-
val of the U. S. commissary depart-
ment has made a contract for 610,000
pounds of army crackers each to be
printed "Remember the Maine". He
has also let contracts for 28,000 gal-
lons of vinegar.

The Wilmington Sinks Ship

KEY WEST, May 17.—The Wil-
mington yesterday, when about thirty
miles east of Havana fired four shells
into a Spanish trap in the shape of a
dirigible which has been sent out from
Havana in the hope that some torpedo
boat or cruiser would run into it and
sink. She was an old Spanish schooner
packed full of old rails, car wheels
etc. The Wilmington sunk her.

When ironing and your flat iron becomes
sticky, what do you use? Many things are sold to overcome
this. Not all of them are satisfactory, and some of them
stain. It is hard to get a pure wax or spermaceti—the only
thing to use in a case like this—because so many grades are
sold. Ours is the best we could buy, you'll like it, 10 cents a Cake.
A good braser when you are tired and a practical working medicine is our
